

The diagram illustrates the layout of a left page with three distinct lines: a blue bleed line, a red cut/crop line, and a green internal margin line. The bleed line is the outermost, followed by the cut/crop line, and the internal margin line is the innermost. Labels with leader lines point to each line on the right side of the page.

**Left page**

The diagram illustrates the layout of a right page. It features three nested rectangular boundaries. The outermost boundary is a blue line, representing the bleed line. The middle boundary is a red line, representing the cut/crop line. The innermost boundary is a green line, representing the internal margin. Three horizontal lines with dots at their left ends point to these boundaries from the left side of the page. The text 'Right page' is centered at the bottom of the page.
