

The diagram illustrates the layout of a left page. It features three nested rectangular borders. The outermost border is blue, representing the bleed line. The middle border is red, representing the cut/crop line. The innermost border is green, representing the internal margin. On the right side, three horizontal lines with dots at their ends point to these borders, labeled 'Bleed line' (blue), 'Cut/Crop line' (red), and 'Internal margin' (green). The text 'Left page' is centered in the white area between the red and blue borders.

Left page

The diagram illustrates the layout of a right page. It features three nested rectangular boundaries on the left side, each with a corresponding label and a line extending to the left edge of the page. The outermost boundary is a blue line labeled 'Bleed line'. The middle boundary is a red line labeled 'Cut/Crop line'. The innermost boundary is a green line labeled 'Internal margin'. The text 'Right page' is centered in the lower half of the page.
